Friday, July 6, 1787, the congress adopted this resolution: "That the board of treasury direct the contractor for the copper coinage to stamp on one side of each piece the following device, viz: A dial with the hours expressed on the face of it, a meridian sun above, on one and a small circle in the middle with

New York, June 22.—Twenty-four sections of the Young Men's Christian Association have been accorded the degree of Officier de l' Academie by France for services rendered during the war and after the eigning of the armistice, it has been announced by the Overseas Department of the Y. M. C. A. here. The decoration is awarded in recognition of services performed by the Y secretaries for both the French and American armies. Those receiving this degree are: Hongy P. B. Barnes, Cleveland, Ohio; Arthur Beatty, Madison, Wisconsin; John N. Bennett, president of Doane college, Crete, Nebr.; Elwood S. Brewn, New York, N. Y.; Guy Potter Benton, president of the University of Vermont, Buriland, Chicago, Ill.; Mrs. Florence Gardner Hall, Boston, Mass.; and Mrs. Theodore Ington, Vt.; Robert E. Forbes, New York.

REDUCE COST OF LIVING

Angeles, Cal., June 21.-A plan to Los Angeles, Cal., June 11.—A plan to smallest 12.000 American Legion members in Los Angeles in a campaign to reduce the high cost of living, under the direction of the city markets bureau war bie memory, according to H. Percy Mcarecently announced by Mayor Meredita ker, an Englishman, who has resided in

before the two local posts of the Lagion time verbalim. He remembers accurate and ask the members to help secure cus- ly incidents years back. A great deal of tomers. The result, I am confident, will the book Eight Thousand Kilometers of be that the farmers will get much bet. Campaigning is written from his marter prices and the consumers will get velous memory."

now."

The mayor has appointed Sterling S
Beothe, formerly major of the 160th Infaniry, U. S. A. city market commissioner, to werk out the project.

TO ESTABLISH "FAMILY FARMS" IN EASTERN TEXAS

Tyler, Texas, June 22 -- A movemen to establish "family farms" through East Texas as a means of checking the exo-sus from the farm to the city has been

can be tilled by a family without hired the wool will be graded and sold hel and one equipped with a monern farm home. More than a thousan't per-sons have written that they desire to acguire such a farm bome as outlined by the East Texas Chamber of Commerce and the organization is now seeking to arganize companies in each of 50 East. Texas counties to supply these homes arrange better living conditions and better marriages.

FORMER HARTFORD BANK TELLEB GETS FIVE YEARS

tional bank, who on Feb. 5, 1915, was sentenced in the United States district court to five years' imprisonment in the federal penitentiary at Atlanta, Ga., re-utraed to Hartford Monday afternoon, his sentence having been commuted by President Wilson. It is reported that a position in the west has been offered him. Friends of Mr. Chapin started a movement for his release some time ago and the case was referred to the parole board at Washington, with the result that President Wilson accord to the commutation. at Washington, with the result that President Wilson agreed to the commutation of the sentence last week. Chapin was arrested Dec. 10, 1918, on the charge of embezzing \$44,800 from the bank and pleaded guilty to charges on five counts. Including the time spent in the county jail here be has been detained 13 months.

Leon P. Broadhearst, president of the Phoenix National bank, said today that he was disappointed with the commutate. he was disappointed with the commuta-tion of sentence in view of the seriousnes

THREE STRANGERS ATTACKED

STAMFORD TAXICAB DRIVE Stamford, Conn., June 23.-James E Bolt, a driver for a local taxicab com-pany, returned from New Jersey today with a bad wound on the forehead and claimed he had been atacked by three ker, an Englishman, who has resided in Sinaloa for many years and who, during the city's chain of markets to the sale of produce which has gone through the an executive capacity for the British government.

"One of the easiest things General broduce direct to the markets and aid furnished them to do so by the city' it has each receives, then, beginning backward, tell each man correctly the cards he helds.

"He success of this plan would depend upon theire being an immediate sale of the products," the mayor continued. "He remembers whole columns of newspaper articles, and, many days after the mayor continued and ask the members to help secure customers. As great deal of suburbs, where they held him to the suburbs, where they held him to the suburbs, where they held him to the suburbs, where they held him up with a suburbs. oming out the men wished Holt to drive hem about and directed him to the uburbs, where they held hum up with a rbs, where they held hum up with a He threw away the switch key and the men could not start the machine. They left after making him unconscious by blows. A party in a touring car, he says, picked him up, and this morning he was able to get the machine and return home.

JOHNSON, LA FOLLETTE, BRYAN

AS THIRD PARTY CANDIDATES Johnson, Senator Robert M. La Follett. and W. J. Bryan were endorsed as third party candidates at a meeting of Nebraskn members of the committee of forty-eight called to name delegates to that organization's convention in Chicago July More than thirty delegates to the Chicago meeting were selected.

MEASURES TO DECREASE DEATH RATE FROM TYPHOID

Hartford, Conn., June 22.-The state department of public health has com-municated with all the health authorities in the state with a view to taking measures to decrease thedeath rate from ty-phoid fever. Last year the rate was 2.3 per 100,000 of the population. This rate represented 56 deaths. The previous year

Fugios First U. S. Coins.

The "fuglos" were the earliest coins sued by the authority of the United States, and were of copper. It was in April, 1787, that the congress of the States on the account of the copper contracted for be not less than 15 per cent," and that "it be coined at the ex-pense of the contractor, but under the

THE HUNT. Wild stream, the clouds, and the fresh wind is singing. Red is the dawn, and the world white with rime-Music, O music! The hunter's horn ringing! Over the hilltop the mounted man'

Flaxhing of scarlet, and gilter and jingle. The deep bay, the rhythm of hoof and of cry—
Echo, O cchoi The winds rush and mingle!
Halloo, view halloo! And the Hunthas swept by.

Stay! All the morning is hushed and -Bare is the hilltop, and sad as ita wont—
Out of the ghost of a long dead October Blows as the dust blows the ghost of the Hunt!
—Harriett Present Spofford.

A SONG OF JUNE

June's a round of joyance,
June has all the buoyance,
Of a bird in flight!—
Thus my heart is singing,
Thus my voice would lift
If the Fales were bringing
Me so dear a gift.
Slience almost argues me
Blind, and dumb, and churiy—
Sitent!—here beneath a truee
Shelling peas with Shirley.

une's a dusk sultana June's a dusk sultana
Crowned with mignenette;
June's as near Nirvana
As we mortals get.
It is crowds the borders,
Beckening me there,
But my morning orders
Tak's me otherwhere.
My share's cutting favored
My share's cutting favored
Lettuce crisp and curty;
And—what I like quite the bestShelling peas with Shirley.

une's a revelation ch succeeding year. ne's an education you'll see and hear. one week of gladness On these tonic hills have seen the madness Of the pace that kills Of the pace that KHS.

ve foreworn my urban sins.

Waking, walking early,
and I've learned how love begins
Shelling peas with Shrifey.

—Edward W. Barnard, in Lessie's.

THE KALEIDOSCOPE

1531 is not only considered first in im portance as regards the oliseed industry in the United Kingdom, but also is con-Small enough to be carried in a shop-ping bug is a perfume bottle that will not spill its contents even if the corks at each end become loose unless it is violently shaken.

In the training quarters of an Eastern university a large mirror is placed be-side each seat in a rowing machine to enable earsmen to watch their own mistakes and correct them.

French interests have obtained posses-sion of a South Pacific Island that is believed to contain 19,000,000 tons of high grade phosphates and many million tons of inferior quality.

Firemen answering an alarm when the blowing out of a fuse set a railroad sig-nal house in Rockland, Mo., ablaze had nothing to do when they arrived, because the signal man had skilfully thrown a pot The area of Transylvania is about 5,-

750,000 hectares and the population 2, 500,000 (1911 census). The land is divided as follows: Cultivated land, 23 per cent.; pasture, 14 per cent.; hay, 15 per cent; forest, 38 per cent; hay, 15

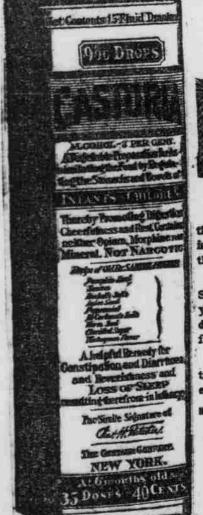

The White House is probably the most intricately equipped electrical mansion in the world. There are in the house more than 170 miles of wires, previding for 3,000 incandescent lights, a bell system, and a private telephone system for the president and his family exclusively.

Modern science has not brought us very much nearer the magic stone of the old philosophers, but it has enabled ater experts to play some surprising tricks with the existing materials of the eweler and lapidary. The old althe eweler and iapidary. The old al-chemist set out to discover the phil-osopher's stone, and achieved gunpow-der and other adjuncts to civilization as the accidental by-product of their original inquiry. Their less credulous descendants reverse the process; the invention is made first and its appli-cation to magic is discovered after-ward.

The existence of the electric furnace makes it possible to create diamonds that are the veritable stone, and to fuse chippings and fragments of roby into one complete jewel. Now arrives a report that with the aid of radium successful transformations have been made in the appearance, if not in the nature, of certain precious stones, a sapphire, it is said, has been turned into a giorious ruby by long exposure to-the effect of radium. Chemically considered, this is not:

very surprising, for the two stones over both examples of corundum, and the mysterious accident of color is the principal difference between them. It a sapphire can be made to blush bard enough for its mixtake in not being a ruby, presumably it could blush their into a most accomplished example of the more valuable stone.—Blanchester-Guardian.

We are paying less attention to war cards and more to outja boards.

mast Copy of Wrappen

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome-it reaches your innermost soul."

Pletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Methers. And once used, mother love—there is no substitute

for mother love-will scorn to try a "substitute" or a "just-as-good". Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?
